Preparatory Webinar for the eleventh meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol on Biosafety 11 September 2024

Dear Sir or Madam,

As you know, the eleventh meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol on Biosafety (COP-MOP 11) will take place from 21 October to 1 November 2024 in Cali, Colombia. Among items on the agenda are compliance, risk assessment and risk management of living modified organisms, the Biosafety Clearing-House, detection and identification of living modified organisms and socio-economic considerations. The meeting will also consider the Nagoya-Kuala Lumpur Supplementary Protocol on Liability and Redress to the Cartagena Protocol.

In order to support Parties and other stakeholders in their preparations for the meeting, a briefing webinar is being organized to provide an overview of the agenda items of COP-MOP 11 and introduce corresponding documents to participants.

The webinar coincides with the anniversary of the entry into force of the Cartagena Protocol on Biosafety, a significant milestone in international environmental governance.

The webinar will be held on Microsoft Teams on **11 September 2024 from 8:00 a.m. to 9:30 a.m. EDT (GMT-4)** and conducted in English. Interested participants are invited to register via Teams at [this link](#). All registered participants will receive an automated e-mail providing a link to join the webinar.

For additional information, please contact the Secretariat at secretariat@cbd.int.

Thank you for your continued cooperation and support for the work of the Cartagena Protocol on Biosafety.

Please accept, Sir, Madam, the assurances of my highest consideration.

(signed) Astrid Schomaker
Executive Secretary

To: Cartagena Protocol national focal points, CBD national focal points (where Cartagena Protocol Focal Points have not yet been designated), BCH focal points, indigenous peoples and local communities and relevant organizations
